# Frquency Master Challenge Solution Access Instructions:

1. Point a browser to the following file URL and download the CSV:

**https://technologyrediscovery.net/data/mod_freq/.sol/freqsolutiondata.csv**

2. Open the CSV file in your favorite spreadsheet program
3. Use functions such as min(), max(), stdev(), average(), and count() to verify the statistics sets
4. Copy and paste each column into the "edit data" screen inside the StatKey tool to visualize the box plot and histogram. You can access statkey via www.lock5stat.com/StatKey and then select "One Quantitative Variable"
