CIT-111: Intro to programming Java
Syllabus | Spring 2020 | Sec: WH32
Mon/Wed 10:10am - 12:15p | S1305

instructor:	**Eric C. Darsow** CCAC North/West computer department Faculty Instructor
office Hours:	**West: Mon/Wed** 2:45pm - 3:30pm
semester:	**Spring 2020**
instructor Contact methods:	**In-person preferred, followed by phone calls: 412.894.3020** Please do not email unless doing so is a special electronic mail use case as described on course website
CCAC CIT/DAT department: contact	**Cathy Stewart** 412.369.4107 1000 McKee Road Oakdale, PA 15071
CIT/DAT department chair:	**Professor Rebecca Elinich** relinich@ccac.edu
course Credits:	**4.0**
prerequisites:	Basic skills using a personal computer and operating system, eligibility for MAT 090.

I: Course Description:

This course is an introduction to program design, analysis and programming fundamentals using the Java language. Topics include the software development process, problem solving techniques, simple language basics, data representation and storage, program control structures, classes and their methods.

II: Learning Outcomes

The following content is extracted directly from the CCAC master course syllabus for CIT 111:

1. Upon successful completion of the course, the student will:
2. Use a Java integrated development environment (IDE) to design and implement applications on a computer.
3. Apply basic problem-solving techniques to novel situations that are relatively similar to models introduced in the course.
4. Use various data types by implementing them in the correct operations.
5. Create simple graphical user interfaces (GUI) using Swing JOptionPane components.
6. Use control structures in a Java application.
7. Utilize class methods found in the Java application programming interface (API).

III: The nitty gritty

textbook & materials	Students are encouraged to buy a used copy of **Introduction to Programming Java: Comprehensive Edition** 9th Edition by Y. Daniel Liang. Published by Pearson. ISBN-13: 978-0-13-293652-1 ISBN-10: 0-13-293652-6 *NOTE: Your instructor has purchased over 20 of these from various sources online and has NEVER paid more than $40 for a single copy. Purchasing from the CCAC bookstore will result in a charge of over $180! Yikes! (And shame on the Pearson corporation which is an enemy of students everywhere.)* **Course website:** Master course website with session-specific content, submission portals, and assignment details: https://technologyrediscovery.net/#python2
letter Grades	Drawing on completed work and contributions to our class learning environment, **propose a fair letter grade and a justification at midterm and final times using a 3x5 card.** https://technologyrediscovery.net/coursesGen/trgrading.html **Attend the final session!** Attendance at final session and sharing of *fully-baked* final project is required to sufficiently justify a grade proposal of A or B except for pre-approved absences and "urgent, incidental, overriding life events"
due date	Work submission and grade proposals will be accepted until **Wednesday, 13 May 2020 @ morning light** but no later.
atten-dance & tardiness	As a primarily in-class driven course, **please try to attend 75-85% of sessions**. We recognize that students face varied constraints which can differently impact feasibility of class attendance. *Tardiness shall not be considered a factor in attendance.*
tests:	**No high-stakes tests!** Low-stakes, mini assessments written on single note cards will help track learning.
technology	All necessary computers are supplied by CCAC in our lab classroom
Academic Honesty	**Provide written credit to all relevant authors** of all code, writing, and project work for this course, including yourself and folks who help you (but who may not be published authors). Include direct URLs of websites consulted. **Honor the copyrights** associated with all content used in this course. **Consequences:** Students suspected of academic dishonesty will be asked to produce documentation to support any attributions (or, non-attributions).

IV: Official CCAC notices

my. ccac. edu	Students are reminded that they can access their course information and CCAC email account, the CCAC Academic Calendar (including add/drop/withdrawal deadlines), the Student Handbook, the College's Incident Report form, and many other College services through the MyCCAC portal: https://my.ccac.edu
student handbook	All students are expected to read and comply with the policies and regulations set forth in the CCAC Student Handbook, including without limitation the College's policies regarding academic and behavioral conduct, the procedures for requesting an accommodation based upon a disability, pregnancy or pregnancy related condition, or a religious observance, and for reporting unlawful discrimination and harassment. The Student Handbook is available to view and download along with the full text of the College's *Policy Manual, Administrative Regulations Manual*, and the Civil Rights Complaint Procedure: https://www.ccac.edu/academic-rules-and-regulations/rules-and-regulations.php https://www.ccac.edu/president/policies-and-regulations.php
diversity	Title IX of the Education Amendments 1972 (20 U.S.C. 1681 et seq.) and its implementing regulations, 34 C.F.R. Part 106, prohibit discrimination on the basis of sex in education programs or activities operated by recipients of Federal financial assistance. It is the landmark legislation that bans gender based discrimination in schools and colleges. *"No person in the U.S. shall, on the basis of sex be excluded from participation in, or denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal aid."* https://www.ccac.edu/diversity/title-IX.php https://www.ccac.edu/diversity/notices.php
disability	Information concerning the process and documentation required to request a disability-related accommodation can be obtained by contacting the campus' Office of Supportive Services for Students with Disabilities (OSSSD) or by visiting the OSSSD information page https://www.ccac.edu/supportive-services/suppotive.php

V: Content licensing and sharing

licensing	All non-computer code content on technologyrediscovery.net (course content, images, media) is licensed under the Creative Commons Share-Alike license (CC BY-SA 4.0); no attribution required. https://creativecommons.org/licenses/by-sa/4.0/ Computer code is licensed by file; most course code is copylefted under the GNU Public License
contribute	You are invited to anonymously contribute your work products in this course to the freely reusable *creative commons* educational material ecosystem made possible by copy left licenses. Any work contributed to this course will fall under this site-wide license scheme.
sharing elections	Please review the sharing preference options and CHOOSE ONE by initialing and dating the bottom of the box. You may change these at any time by talking with your instructor.

A. Full participation: You may anonymously store and reproduce my coursework in the *creative commons* (except for individual work pieces marked with a big X or "do not share" DNS) init: ____date: ____	B. Partial participation: I'm open to sharing but would like to release work individually upon instructor request (default no share). I will submit any work *I do not want shared as a* hard copy to my student folder. init: ____date: ____	C. Non-participation: I do not authorize the sharing of any of my coursework and will submit all my work hard copy to my student folder (never online). init: ____date: ____
